

[illegible]

Figure 1 is a plan view of the test structure. It shows a rectangular layout with overall dimensions of 6,710 (vertical) and 5,504 (horizontal). The vertical spacing is divided into four segments: 3,000, 356, 3,000, and 354. The horizontal spacing is divided into two segments: 5,273 and 5,504. The diagram includes symbols for the test structure, such as a cross-in-square and a square with a horizontal line.
