

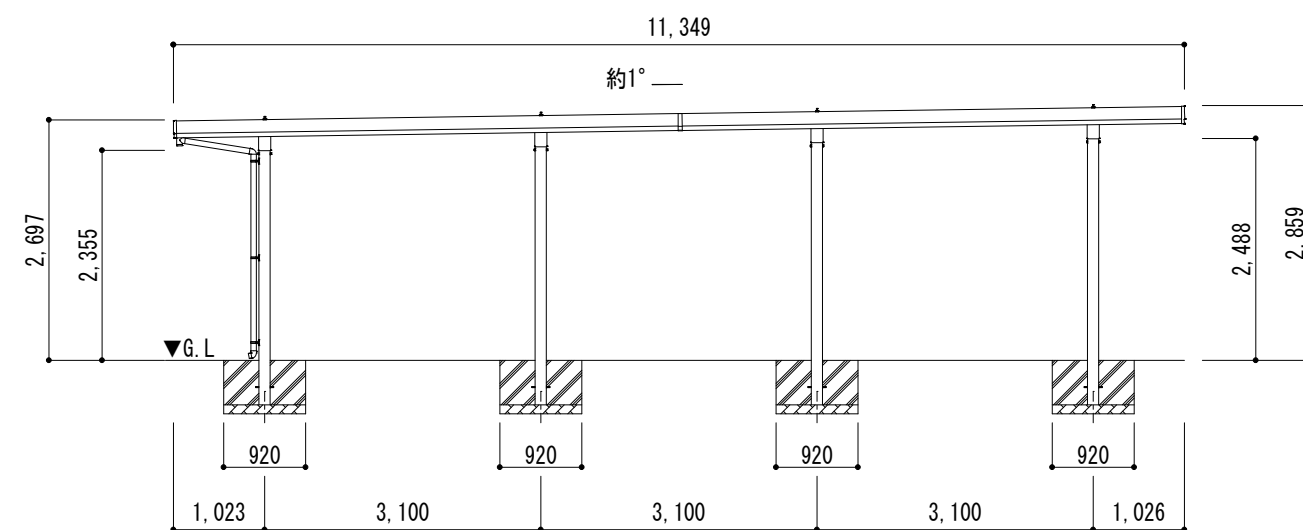

Figure 1 is a schematic diagram of the layout of the test facility. It shows a rectangular layout with overall dimensions of 11,349 (width) and 6,104 (height). The top edge is divided into five segments: 1,023, 3,100, 3,100, 3,100, and 1,026. The left edge is divided into two segments: 5,873 and 6,104. There are four square test cells, each with a crosshair, arranged in a 2x2 grid. The bottom-left cell is labeled 'a' and 'b'.
