Technical drawing of a rectangular plate with dimensions and hole positions. The overall dimensions are 7,220 (height) and 3,104 (width). The plate features six rectangular holes arranged in two columns of three. The vertical spacing between the centers of the holes is 3,200. The horizontal distance between the centerlines of the two columns of holes is 2,873. The distance from the top edge to the center of the top hole in the left column is 411, and from the bottom edge to the center of the bottom hole in the left column is 409. The distance from the right edge to the center of the rightmost hole is labeled 'a', and the distance from the bottom edge to the center of the bottommost hole is labeled 'b'.
